

DEPARTMENT OF STATE

POLICY PLANNING STAFF

May 25, 1951

Mr. Watts:

In Tab A-5, a good many questions are raised in my mind, but I understand this is not an agreed paper and is being submitted only for later discussion and consideration by the new Director and his staff.

In Tab B, under the list of topics suggested for the Board's consideration, I A 3 must be misstated. I'm sure it should be "a strategic psychological plan" or "a psychological strategy". ✓

Also in Tab B in the paper on suggested initial projects, page 3, I think point 6(a) goes way beyond what this Board ought to deal with.
